## CANINE FITNESS AND MASSAGE SEMINAR

*Preparedness and the ability to perform functional movements is critical to the animal athlete. So is proper recovery. Preparing the dog for a sport will produce better results and lessen the overall rate of injury and strain on its body.*

The canine fitness portion of the seminar will teach proper techniques to exercise your dog for maximum fitness and performance. The focus is on proper canine exercise form, technique and behavior for optimum performance and injury prevention using science-based training methods and canine specific conditioning equipment.

The massage portion of the seminar will teach proper massage techniques. Focus will be on massage strokes and proper pressure. We will cover techniques for properly warming up your dog and cooling them down before and after activities. We will also learn how to check the dog's range of motion and learn why this is important

**THIS SEMINAR IS NOT INTENDED FOR DIAGNOSIS OR REHAB OF EXISTING HEALTH ISSUES.**

About the instructors: Rosie Feeley is a Certified Canine Fitness Trainer obtaining her credentials from the University of Tennessee College of Veterinary Medicine. She is also a certified FitPAWS Master Trainer. Dalyce Brell is certified in Canine Massage through Rocky Mountain School of Animal Acupressure and Massage. She is also certified in Canine Trigger Point Therapy through Ken Bain's Trigger Point Protocols and recently completed her canine fitness trainer certification.

Please fill out the application and return to: Connie Adams, 19434 SW 101<sup>st</sup> Place Road, Dunnellon, FL, 34432-9214 by **March 20, 2019**. The Working Spots will be given to the first 12 applications received. **Please write legibly.**
